

Areas of No Return - October 2024

- **Newly Registered Area of No Return:** Locations newly assessed and registered as areas of no return in the current round
- **Area of No Return:** Areas which have cumulatively witnessed no returns since first assessed
- **Area of Return:** Areas previously registered as an area of no return and have since been removed either in current or previous rounds of assessments
- Governorates boundaries**
- District boundaries**

*Note: While assessments began in August 2018, locations may have been first assessed, and therefore registered as no returns, at a later date as they become known or accessible for monitoring. There may be additional areas of no return which have not been captured in this report which are either not known or could not be verified through assessments.

Assessments of Areas of No Return began in August 2018, updated every two months. For each update:

1. New locations may be registered as no return as they become known to assessment teams.
2. Locations of no return may be removed from the list if they have witnessed returns since the last round. Once a location is removed, they remain off the list.

Reported reasons for no return fall into two main categories

- a) Security reasons, including instability or inaccessibility
- b) Housing damage and lack of services and infrastructure

Summary of Areas of No Return			
Governorate	No. of Districts	No. of Sub-districts	No. of locations with no return
Ninewa	6	15	109
Diyala	5	7	38
