## Challenges:

- **Housing** | majority live in tents with relatives. Slowness in processing compensation files.
- **Livelihoods** | no intervention by government esp in agriculture and irrigation.
- **Infrastructure** | schools and medical centers, public services. Government reports intervention for electricity rehabilitation.
- **Reintegration** support and information needed.
- Returning families received 4 million return grant cheques, as well as electrical devices ( fridge, stove, and TV screen). No issues have been reported.
- New location in Tuz recently opened.
