

Updates on the IOM Facilitated Voluntary Movements Programme

RWG Meeting April 2024

Facilitated Voluntary Movements Update

Registration with FVM

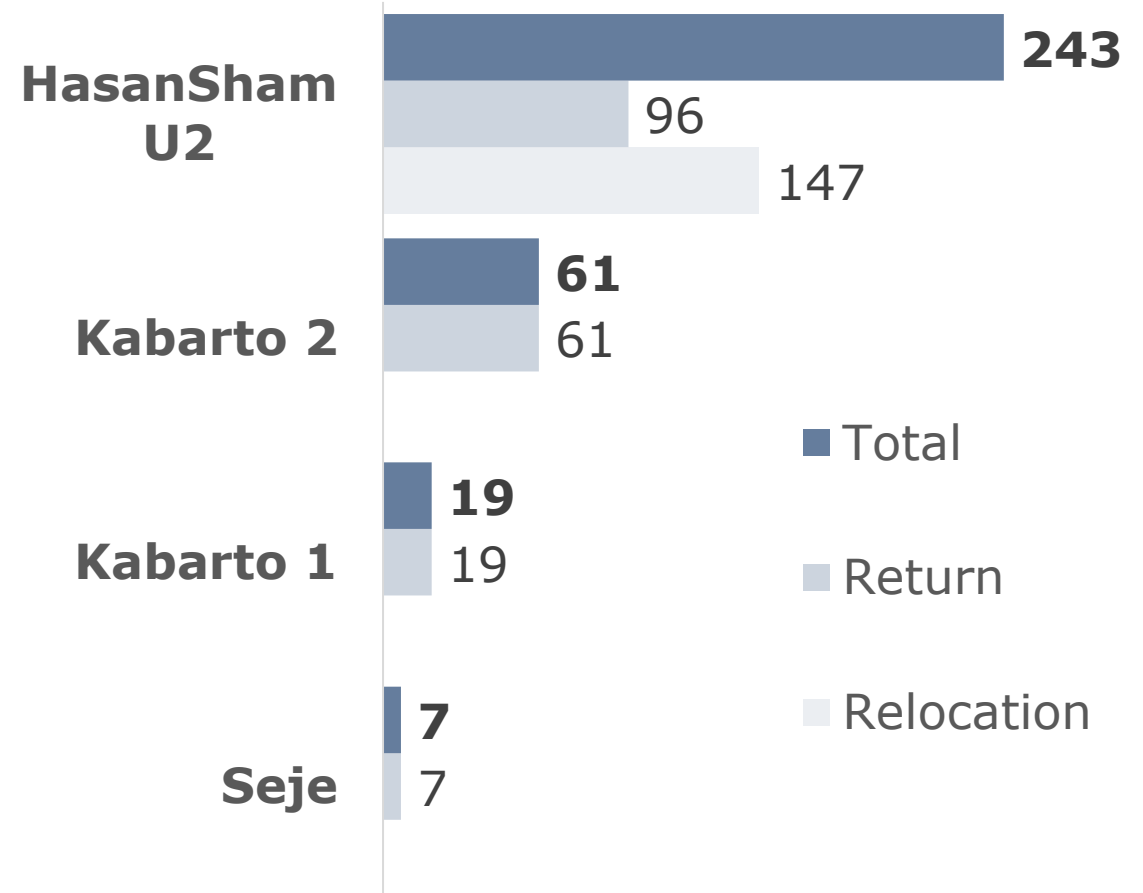

Duhok

4,498 households registered with the FVM programme.

East Mosul Camps

616 households registered.

Facilitated movements in 2024

Main challenges

East Mosul Camps

- The Unclear of the security clearance process and the SC letters received from Baghdad (JOC) to facilitate the departure of households through the FVM.
- Households from Hasan Sham village (East Mosul) still not being allowed to return and processes for the security clearance to Khazir villages (East Mosul) perceived as complex.
- Challenges related to the last departure (delays in MOMD grant distribution, delays at the checkpoint, detention)

General challenges

- Implications of not allowing MOMD to enter camps in KRI.
