# WS CoP ToR

## Main Objectives:

In order to prepare for the potential impacts of continually decreased rainfall and mounting water scarcity, ACF and REACH Initiative are activating a Water Scarcity "Community of Practice" to coordinate water scarcity preparedness and response capacities across Federal Iraq and KRI, connecting stakeholders across the response spectrum (national - sub-national – community levels).

من أجل الاستعداد للتأثيرات المحتملة للانخفاض المستمر في هطول الأمطار وندرة المياه المتزايدة، تعمل ACF ومبادرة REACH على إنشاء منصة "مجتمع المهتمين" لندرة المياه لتنسيق قدرات التأهب والاستجابة لندرة المياه في جميع أنحاء العراق من ضمنها إقليم كردستان، وربط أصحاب المصلحة عبر منصة الاستجابة.
